

Navaid Equity Partners, LP is a private equity firm that looks for quality companies in packaging, printing, and related industries with strong fundamentals but that are confronted by disruptions that create new opportunities or challenges. Whether macro (e.g. industry change, global recession,) or micro (e.g. growth, succession planning, new operational initiatives), Navaid helps businesses navigate through the disruption to operational and financial success.

What We Look For

Quality Company

- A clear competitive advantage
- Confronting a disruption that creates new opportunities or challenges
- Middle market
- Domestic or international
- Control and structured non-control equity investments

Packaging, printing and related sectors

- Packaging (flexible, rigid, fiber)
- Printing (industrial, graphic and signage)
- Labels
- Films
- Specialty plastics and other substrates

Disruption

- Companies that can benefit from strategic or operational guidance
- Corporate carve-outs
- Family and founder owned businesses in transition
- Complex and special situations

Our Approach

- **We take** an entrepreneurial and flexible investment approach
- **We focus** on investments in middle market packaging, printing, and related companies
- **We look** to invest in complex and special situations
- **We provide** both financial and intellectual capital to support companies
- **We draw** from combined 50 years of investment and operating experience and over 90 completed transactions
- **We embrace** a user-friendly transaction and operating methodology based on integrity, consistent follow-through, and speed of execution
